

As a result of the current law, the National Park Service is severely limited in acquiring lands to trade with the DHHL and has not been able to acquire land within Kapaupapa.

The DHHL has recently advised that it is not limited to accepting surplus federal property only within the State of Hawaii. As a result, the Congress should immediately move to amend PL 96-565, and allow the federal government to finally acquire precious lands within Kapaupapa National Historical Park. I urge my colleagues to support the passage of this bill.

Ms. DeGETTE. Mr. Speaker, I rise today in honor of the City of Glendale's 50th Anniversary. I am indeed gratified to have the privilege of representing this outstanding community in the United States Congress. The City of Glendale was incorporated on May 22, 1952 and will celebrate its 50th anniversary on May 18, 2002.

The City of Glendale has grown from a rest stop and watering hole on the major stagecoach route along the Cherry Creek Trail in the 1800s, and has become a city with a rich tradition of hospitality, vitality and amenities for residents and visitors alike; and

It has become a true "urban village," with an ethnically diverse population of 4,527 residents whose heritage's are celebrated as part of Glendale's annual National Night Out festivities; and

Glendale has also become a prominent business center, with approximately 12,000 people employed by the more than 300 businesses occupying nearly 2.2 million square feet of office space in this conveniently located community.

The City of Glendale's 41-member Police Department and 29-member Fire Department safeguard the health and safety of residents, visitors and those employed in the City. Its Public Works Department is responsible for maintaining 35 acres of parks and open space, 6.9 miles of City streets, as well as 25 miles of sidewalk, 1.3 miles of trail, and two bridges spanning Cherry Creek, and operating the City's water treatment facility.

Glendale also offers a variety of recreational activities in two community recreation centers and in conjunction with the Cherry Creek School Districts, sponsors a Head Start program and kindergarten enrichment program at Glendale's Agnes Riddle Education Center.

The Education Center also houses a Computer Lab where residents of all ages learn the latest computer software in free classes taught in both English and Russian. The City of Glendale, in conjunction with the Cherry Creek School District, also offers a free after-school tutoring/homework help program at the Glendale Community Center during the school year.

The Glendale Public Library is well known to the Russian community throughout the metro area, for its comprehensive collection of English and Russian books, newspapers, magazines, videos and other materials, as

well as English as a Second Language classes and citizenship classes.

Mr. Speaker, Glendale residents continue to enjoy the benefits of being part of a vibrant, cosmopolitan community and I am pleased to have the opportunity to salute Glendale on the occasion of its 50th Anniversary.

INTRODUCTION OF THE NURSING
HOME STAFFING IMPROVEMENT
ACT OF 2002

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 14, 2002

Mr. WAXMAN. Mr. Speaker, I rise today to introduce the Nursing Home Staffing Improvement Act of 2002.

In March of this year, HHS provided Congress with the results of a decade-long study on staffing in our nation's nursing homes. HHS researchers concluded that 90% of nursing homes have staffing levels that are too low to provide adequate care. The researchers also identified specific minimum staffing levels that would substantially improve the quality of care received by nursing home residents.

The Bush Administration has chosen not to implement these much needed minimum staffing levels, even going so far as to limit public distribution of the study. In order to ensure that this important research is not ignored, the Nursing Home Staffing Improvement Act of 2002 would establish the minimum nurse staffing levels identified by HHS researchers.

The bill requires that nursing-homes comply with HHS-identified staffing levels for registered nurses, licensed nurses, and certified nurse aides. These staffing levels would require that all nursing home residents receive between 4.1 and 4.85 hours of nursing care each day. The bill increases resources to nursing homes to comply with these staffing levels by reinstating the Boren Amendment and increasing the federal Medicaid match to states for payment of health care services by 1.5%.

There is an urgent need for this bill right now, as demonstrated by the findings of the HHS study and investigative reports issued by the minority staff of the Government Reform Committee. At the request of House members, the Government Reform Committee minority staff has written over 25 reports on nursing home conditions around the country. These reports have found that large numbers of nursing homes are being cited for violations of federal standards relating to pressure sores, preventable accidents, improper medical care, malnutrition, dehydration, and abuse. These reports also have found a clear relationship between more staffing and better care.

The Bush Administration claims that more research is necessary before we can establish minimum staffing standards. We have already had a decade of research from some of the foremost experts in the field. Now is the time for action.

We in Congress have a responsibility to do all we can to protect our nation's seniors. They helped our generation when we needed their help. And now it's our turn—and our obligation—to provide them with the highest quality of care.

ERIE OTTERS WIN THE ONTARIO
HOCKEY LEAGUE TITLE

HON. PHIL ENGLISH

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 14, 2002

Mr. ENGLISH. Mr. Speaker, I would like to take a moment to recognize the Erie Otters hockey team for their recent triumph over the Barrie Colts in the Ontario Hockey League Championship Series.

On Friday, May 10, Erie center Sean Courtney snapped the series-clinching shot off a Colts defenseman to give the Otters a 2-1 win 14 minutes into the overtime period. The Otters, coached by Dave McQueen, pulled off their first OHL championship by "crushing the Colts" 4 games to 1. Erie's own league-ending playoff scorer, center Corey Pecker, opened the scoring with his 25th goal of the playoffs early in the first period. The Colts, struggling to stay alive in the championship series, tied the game late in the first. The game remained tied until Courtney's clutch game winner in OT. Otters' captain Brad Boyes was later named the OHL playoffs' Wayne Gretzky 99 Most Valuable Player.

The Otters arrived in my hometown of Erie in 1996, and have since featured some of the most dynamic young hockey players in the world. The Ontario Hockey League has produced world superstars like Mario Lemieux, Joe Sakic, Ron Francis, Scott Stevens and Patrick Roy. Friday's win marks the first time that the Otters have won the highly-regarded OHL championship and gives the young Otters an opportunity to battle for the Canadian Hockey League's Memorial Cup. The Memorial Cup is an 84-year-old "final four" tournament that crowns the year's best Junior hockey team in North America. The Otters, combining a steely work ethic and spectacular skill, should be a dominant force at the Memorial Cup tournament. The tournament begins May 18th in Guelph, Ontario. I would like to conclude by congratulating Erie's hockey heroes and by wishing them the best of luck in their quest for the Memorial Cup trophy.
